

Welcome to the beach! Some owners and management companies provide a complimentary setup of 2 chairs and 1 umbrella to the guests of their condominium. If your stay does not include a beach set, we have plenty of sets available for you as well. The condominium board of directors have created a policy to assist owners and guests that is described below in detail.

- 1.) If your unit comes with complimentary beach service, this means you get 2 chairs and 1 umbrella **ONLY** unless otherwise determined by your rental company. Additional setups are available at additional cost.
- 2.) Complimentary beach sets are available during the entirety of your stay. You must check in with your Beach Attendant **EVERY DAY** to claim your complimentary beach set.
- 3.) Reservations can be made under certain circumstances. Please discuss details with your beach attendant on your **FIRST** day. If special accommodations are required, please let your attendant know.
- 4.) Your spot will **NOT** be confirmed until you register with the attendant. The attendant may have to move you to another spot to accommodate ALL guests. Please be understanding.
- 5.) We cannot guarantee the same spot each day. Obtaining a specific spot one day does not guarantee the same spot the following days. Lazy Days beach attendants will do their best to fulfill your requests.
- 6.) If you decide to leave for an extended period, please collect all your belongings. If you leave your belongings with plans on returning, you will have 3 hours to return. At that point your belongings will be collected and placed within our storage boxes until your return and your set will be forfeited and available to rent to the next guest. Once you return, the beach attendant will assist you in finding another spot. Please understand the location in which you had may not be available at this time. **Lazy Days Beach Service is NOT responsible for lost, missing, or stolen belongings.**
- 7.) There is limited availability on the front row due to designated property lines and our ability to fit beach sets on the front row within those property lines is restricted. We require you to bring your belongings with you when you leave for extended periods so that all guests have the opportunity to enjoy their vacation. This rule restricts sets laying empty all day on the front row with only personal belongings in them and offers people in the back rows to move forward.
- 8.) If umbrellas are closed or down, they must stay down until attendant determines it is safe to open them. Umbrellas are down because of weather conditions and can become a safety hazard if not properly put in the ground or closed. Please **DO NOT TOUCH or MOVE the UMBRELLAS**. This is for the safety of you and everyone on the beach. Let the attendant know if you would like the umbrella adjusted.
- 9.) Our aim at Lazy Days is for you and your family to have an amazing and safe stay on the beach. We aspire to meet your needs and expectations. If you have any questions about anything, not just chairs, feel free to ask the attendant.
